

“Beyond offering the area’s only inpatient pediatric unit and shorter ER wait times, Lovelace Westside Hospital has been recognized as a Pinwheel Champion by the Institute for Patient- and Family-Centered Care and as a best place to work consistently by multiple local and national organizations. We offer services tailored to everyone in the family, from children to seniors. Our hospital provides superlative birthing services, pediatric dentistry, women’s health services and more. We have expanded our services and continue to do so, as we grow alongside the Westside and Rio Rancho.”

Amy Blasing, CEO
Lovelace Westside Hospital

Lovelace Westside Hospital offers the only inpatient pediatric unit servicing Rio Rancho and Westside Albuquerque.

For over 30 years, Lovelace Westside Hospital has been committed to offering Rio Rancho and Westside residents the highest quality care.

Our 24-hour emergency department offers patients the ability to see a provider in about 30 minutes or less and also includes dedicated private rooms for our senior patients and for children.

Lovelace Westside Hospital’s birthing center offers nine beautiful, private rooms, 24/7 anesthesiology coverage, an OB surgical suite for C-sections, a lactation program and a special care nursery, providing a higher level of care for newborns who require special attention. In addition, we have a full suite of children’s care services, including pediatric dentistry and the Westside’s only inpatient pediatric unit. The inpatient pediatric unit has coverage 24 hours a day, seven days week with skilled and compassionate nurses and specialists.

We are also home to a state-of-the-art sleep center, providing diagnostic testing and a treatment program to improve the quality of your sleep.

We are proud to be the only designated Pinwheel Champion in New Mexico by the Institute for Patient-and Family-Centered Care (IPFCC). Patient-and family centered care is a mutual partnership between health care providers, patients and families. We will plan, deliver and evaluate your health care together so you can expect a safe and high quality hospital stay.

With a full range of medical and surgical services, you’re going to love Lovelace Westside Hospital.
