

“Lovelace Medical Group is committed to meeting the growing health care needs of our neighbors in Albuquerque and Roswell. We have opened new clinics and brought new providers to areas throughout New Mexico, helping our patients gain access to much-needed family physicians, OB-GYNs, certified nurse midwives, senior care providers, surgeons and more. With more than 100 providers already in our ranks, we continue to grow, opening primary care clinics, women’s services clinics and specialty clinics in neighborhoods where our patients need them most. We look forward to providing even more high quality medical care for our patients as we grow with our community.”

John Cruickshank, D.O.,  
MBA, CPE  
Chief Medical Officer,  
Lovelace Health System
