

"The Heart Hospital of New Mexico at Lovelace Medical Center continues to lead the way for high quality, innovative and compassionate cardiac care in our community. We offer our patients outstanding care for heart and vascular disease by ensuring that we offer the best doctors, nurses, technicians and staff around, while continually expanding services. Our patients look to us to see them through some of the most critical moments of their lives, and we are proud to be a partner in their care."

heartscan PACKAGE

We know the best way to fight heart disease is to prevent it. That's why we offer the HeartScan Package – a powerful and comprehensive screening tool that can often detect heart disease at its earliest stages.

HeartScan Package \$149

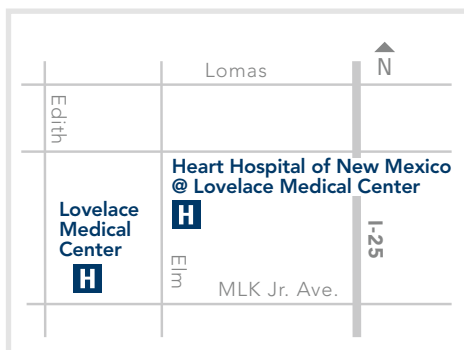

The HeartScan package includes a CT scan, EKG, lipid profile, ankle-brachial index, body mass index, blood pressure check and a consultation.

HeartScan CT \$99

The HeartScan CT is a CT scan of the heart to show any hardening of the arteries.

To schedule a HeartScan Package or to get more information, call **724.2295**.
