

“At Lovelace Westside Hospital, we believe in our community. That’s why we are committed to expanding services to meet the needs of Albuquerque’s Westside. We offer the area’s only inpatient pediatric unit and its shortest ER wait times. We have been recognized for our quality outcomes and employee satisfaction, which we believe is the result of working hard for the neighborhoods we serve. It’s an honor to invest in them and to offer a partnership in a healthier future.”

Farron Sneed, CEO
Lovelace Westside Hospital

Lovelace Westside Hospital offers the only Inpatient Pediatric Unit servicing Rio Rancho and Westside Albuquerque.

For 29 years, Lovelace Westside Hospital has been committed to offering Rio Rancho and Westside residents the latest in technology and high-quality care. Our 24-hour emergency department offers patients the ability to see a provider in about 30 minutes or less and also includes four dedicated private rooms for children and their families.

We are proud to offer a 64-slice CT scanner, digital mammography and new MRI capability. We also feature a surgical and medical weight loss program, offering effective options for individuals whose weight increases the risk for health problems or causes a decreased quality of life.

In 2011, the hospital opened a new Birthing Center, which brought birthing services to Rio Rancho and the Westside of Albuquerque for the first time in 14 years. The unit features 24/7 anesthesiology coverage, an OB surgical suite for C-sections and a lactation program.

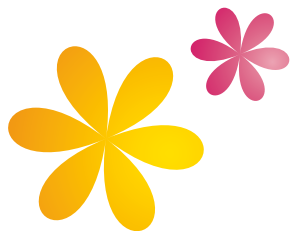

Lovelace Westside Hospital offers the only Inpatient Pediatric Unit providing care to Rio Rancho and Westside Albuquerque. The Inpatient Pediatric Unit has coverage 24 hours a day, seven days week with skilled and compassionate nurses and specialists.

With a full range of medical and surgical services, you’re going to love Lovelace Westside Hospital!
