

"Our patients choose Lovelace Women's Hospital because it's a name they trust. Whether we come alongside them for a birthing experience or breast cancer treatment, our primary goal is to offer them exceptional care. We empower our patients by showing them they are not on their own and that they have the full support of a hospital recognized for quality."

Sheri Milone, CEO
Lovelace Women's Hospital

Lovelace Women's Hospital is New Mexico's first and only hospital dedicated to women's health and features a 53-bed Level III Neonatal Intensive Care Unit, 24/7 emergency department, 16 labor and delivery rooms, 41-bed Mother-Baby unit, a Maternal-Fetal Medicine program for high-risk pregnancies, and a Pediatric Observation Unit supervised 24/7 by pediatricians. Additionally, the hospital is home to a Natural Birthing Center, where women who wish to have a more natural delivery can deliver in a safe environment. Lovelace Women's Hospital offers a nationally accredited Breast Care Center, digital mammography, and cardiology. Lovelace Women's Hospital also has the latest minimally invasive robotic surgery system, offering surgery with less pain, shorter hospital stays and faster recovery for many gynecological and urological procedures.
