

Heart Hospital of New Mexico at Lovelace Medical Center is leading the state of New Mexico, and the world, in state-of-the-art treatment for heart and vascular care. We were named a Top Teaching Hospital by Leapfrog Hospital Safety Group due to our highly-trained and experienced doctors, nurses, technicians and staff. We are proud to deliver the most advanced tools and procedures for the heart, right here in New Mexico. Our patients trust us to help them through some of the most critical moments

of their lives, and we are proud to be a partner in their care.

Brian Miller, CEO
Heart Hospital of New Mexico

The Heart Hospital of New Mexico at Lovelace Medical Center along with New Mexico Heart Institute / Lovelace Medical Group are dedicated to the prevention and treatment of heart and vascular disease. With the latest in cardiac technology, Heart Hospital of New Mexico is the leader for heart and vascular care in New Mexico.
