

"As the only hospital in the state devoted to women's health, Lovelace Women's Hospital has won multiple awards over the years for the quality of our care. Whether it be for our labor and delivery services, our 53-bed neonatal intensive care unit, our Breast Care Center or our robotic surgery services, women and their families turn to us because they know they can trust us for a high-quality, extraordinarily safe health care experience. Our providers and staff members work hard to ensure our patients receive the best possible care, and it shows."

Sheri Milone, CEO
Lovelace Women's Hospital

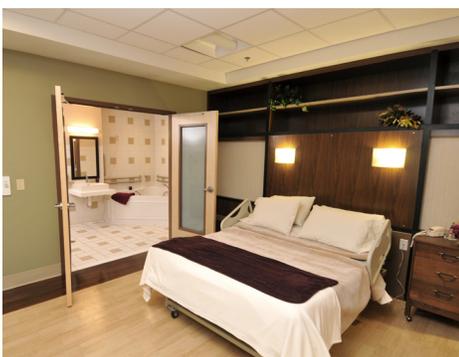

Lovelace Women's Hospital is New Mexico's first and only hospital dedicated to women's health and features a 53-bed Level III Neonatal Intensive Care Unit, 24/7 emergency department, 16 labor and delivery rooms, 41-bed Mother-Baby unit and a Maternal-Fetal Medicine program for high-risk pregnancies. Additionally, the hospital is home to a Natural Birthing Center, where women who wish to have a more natural delivery can deliver in a safe environment. Lovelace Women's Hospital's offers a nationally accredited Breast Care Center providing the latest in 3D mammography and surgical procedures. Lovelace Women's Hospital is also the first Center of Excellence for Robotic Surgery in the state, offering the latest in minimally invasive surgery with less pain, shorter hospital stays and faster recovery for many gynecological and urological procedures.
