

“Lovelace Medical Group is committed to meeting the growing health care needs of our neighbors in Albuquerque and Roswell. We have opened new clinics and brought new providers to areas throughout New Mexico, helping our patients gain access to much needed family physicians, OB-GYNs, certified nurse midwives, cardiologists, surgeons and more. With 260 providers already in our ranks, we continue to grow, opening primary care clinics, women’s services clinics and specialty clinics in neighborhoods where our patients need them most. We look forward to providing even more high quality medical care for our patients as we grow with our community.”

John Cruickshank, D.O.,
MBA, CPE
Chief Executive Officer,
Lovelace Medical Group

Lovelace Medical Group provides patients with exceptional care with the support of Lovelace Health System. Lovelace is invested in bringing the best people, providers and technology together to ensure patients receive the best care possible.

Lovelace Medical Group doctors and providers work closely with our hospitals and our health partners to provide patients better coordination of care, improved communication between facilities and providers, and improved patient flow throughout our comprehensive health system.

Lovelace Medical Group is one of the area’s most respected physician groups, placing great emphasis on building relationships with patients, offering exceptional customer service and delivering unsurpassed quality care.

Lovelace Medical Group doctors and providers are committed to quality and the delivery of compassionate health care. The group is comprised of experienced, skilled providers who embrace advanced medical care.

Digital solutions for patients include **self-scheduling, virtual check-in, and telehealth appointments across all specialties.**
