

“Lovelace Medical Group is committed to meeting the growing health care needs of our community. We are committed to expanding our providers and service lines throughout New Mexico, helping our patients gain access to much needed family physicians, OB-GYNs, certified nurse midwives, cardiologists, orthopedics and more. With more than 300 providers already in our ranks, we continue to grow, offering primary and specialty care, such as surgical services, bariatrics, women’s care at all ages and stages, Urgent Care and more. We look forward to providing even more high quality medical care for our patients as we grow with our community.”

Michael Kueker
Chief Executive Officer,
Lovelace Medical Group

Lovelace Medical Group (LMG) provides patients with exceptional care with the support of Lovelace Health System. Lovelace is invested in bringing the best people, providers and technology together to ensure patients receive quality care.

LMG doctors and providers work closely with our hospitals and our health partners to provide patients better coordination of care, improved communication between facilities and providers, and improved patient flow throughout our comprehensive health system.

LMG is one of the area’s most respected physician groups, placing great emphasis on building relationships with patients, offering exceptional customer service and delivering unsurpassed quality care.

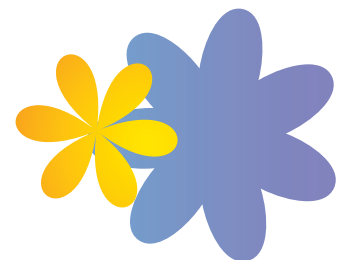

LMG doctors and providers are committed to quality and the delivery of compassionate health care. The group is comprised of experienced, skilled providers who embrace advanced medical care.

Digital solutions for patients include **self-scheduling, virtual check-in and telehealth appointments across all specialties.**
