

“Lovelace Westside Hospital (LWSH) is a community hospital that delivers a wide range of medical services, surgical services, and imaging, such as radiology, CT and MRI. We also provide specialized sleep studies, women’s health services and more. Not only do we offer our patients shorter ER wait times, LWSH has been recognized by the American Heart Association for our commitment to guideline adherence and quality improvement for stroke patients for three years in a row. Money and the Leapfrog Group named LWSH to their list for 2022 Best Hospitals and Surgery Centers for Billing Ethics, showing our dedication to patient care, while ensuring adherence to the maximum ethical standards for billing. Our team is committed to providing excellent care to our patients, close to home.”

Amy Blasing
Chief Executive Officer
Lovelace Westside Hospital

Lovelace Westside Hospital

Lovelace Westside Hospital is a 92-bed acute care facility that includes a 24-hour emergency department where patients typically see a provider in 30 minutes or less.

The hospital offers services tailored to everyone in the family, including surgical services, a nationally-accredited bariatrics program and more.

The Lovelace Sleep Center at Westside Hospital is a state-of-the-art sleep diagnostic testing facility that offers a comprehensive program that follows standards for practice and accreditation by the American Academy of Sleep Medicine. Pediatric sleep studies are available as well.

We use a care team approach to engage and partner with patients and families to promote optimal outcomes. Patient-and family centered care is a mutual partnership between health care providers, patients and families. We will plan, deliver and evaluate your health care together so you can expect a safe and high quality hospital stay.
