

# ARDENT CITRIX ENVIRONMENT

## TABLET - IPAD CONFIGURATION

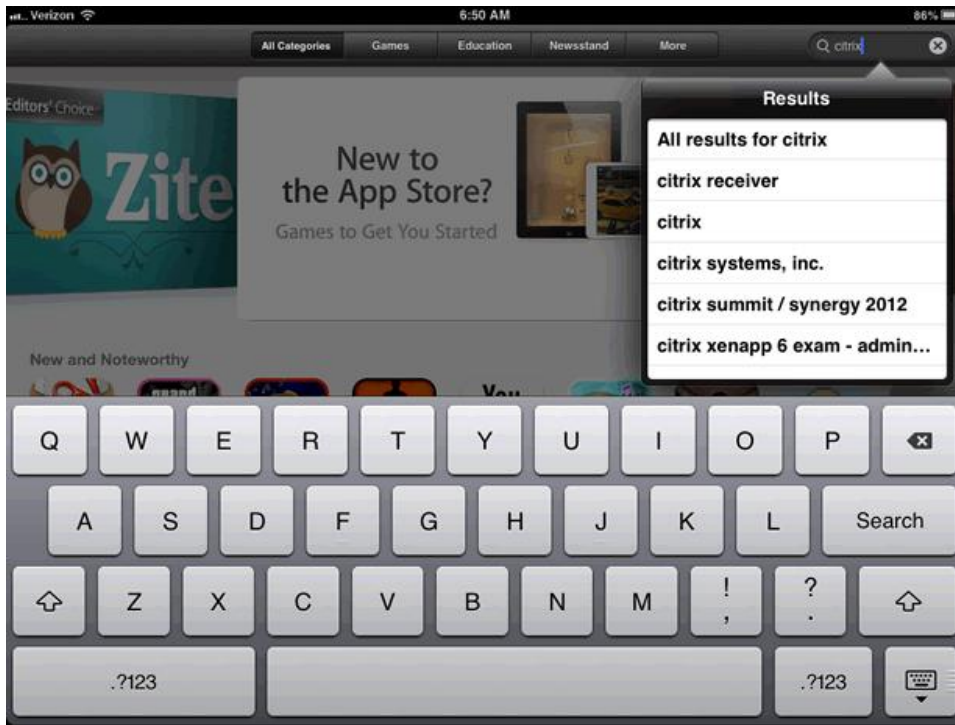

HOME TABLETS ▼ SMART PHONES ▼ DESKTOPS ▼

## IPAD

Begin by opening the "App Store"

Search for "Citrix" and select "Citrix Receiver" from the results.

Select the "Install" button to begin the installation

The "Citrix Receiver" application installation begins...

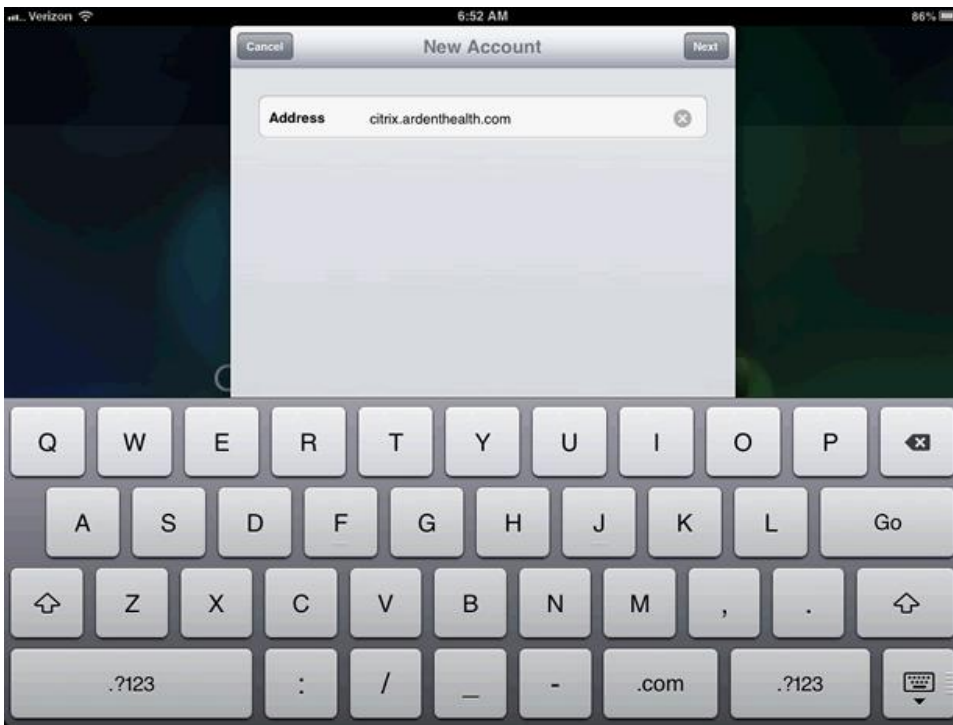

Select "Open" to begin the Citrix Receiver configuration process

Select "Add Account"

Enter in "citrix.ardenthealth.com"

Some of the fields will be automatically completed.

---

**Address:** This should be automatically populated and left as outlined below.

---

**Description:** Change this to your liking

---

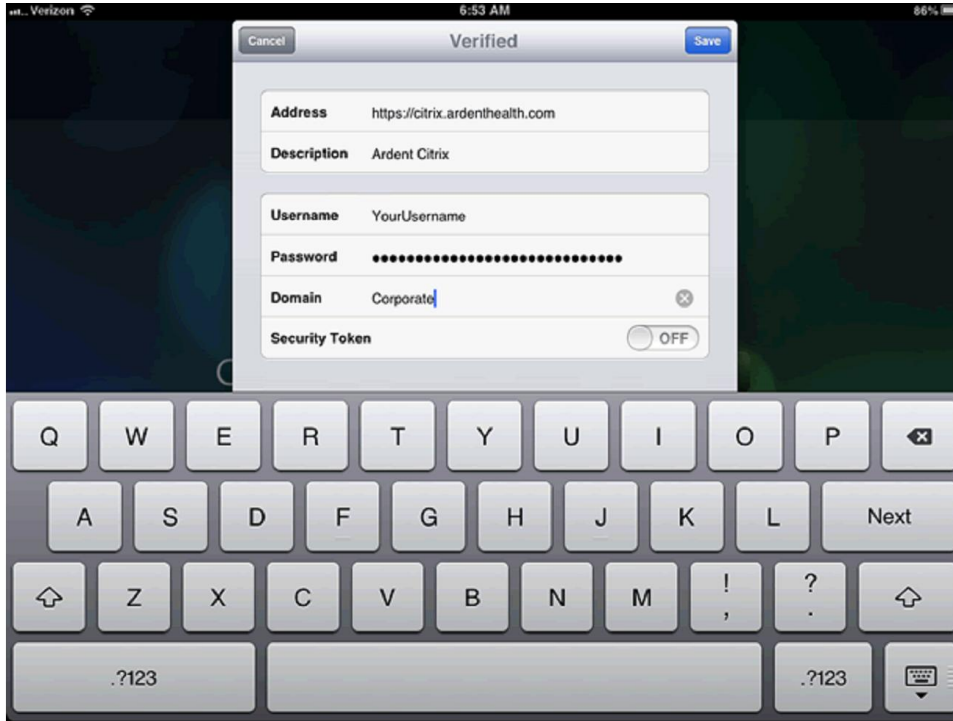

**Username:** This should be your Corporate username (email)

**Password:** This is your Corporate password

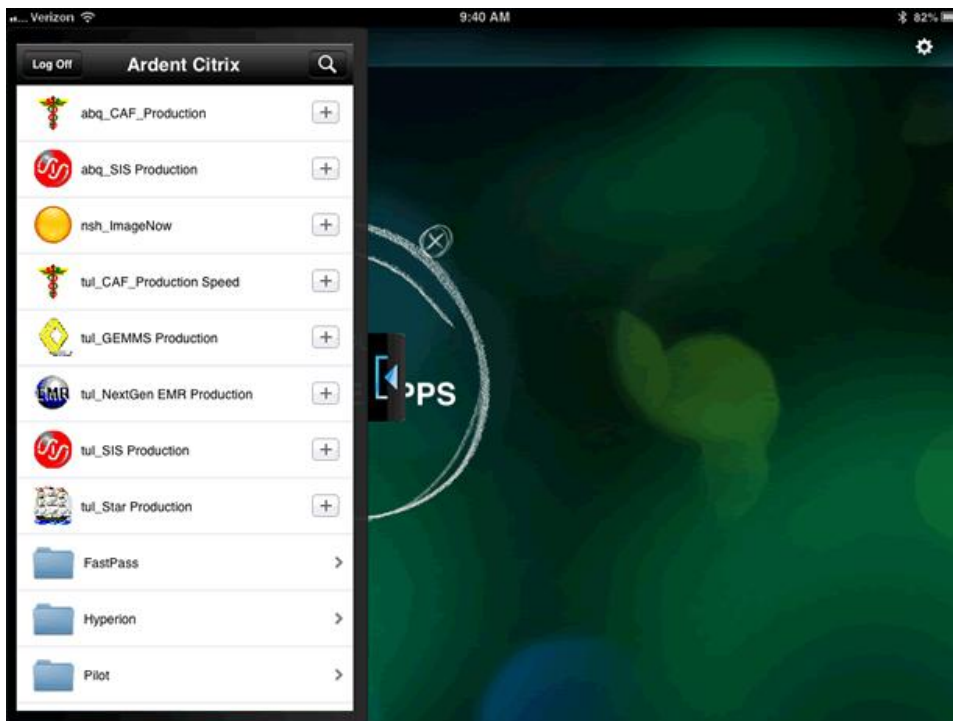

**Domain:** Please enter "Corporate" for this value

All other fields should remain at their default settings

Select "Save" to login to the Citrix environment

You now see the applications you are approved to access

Due to security restrictions access to local device accessories are not permitted (hard drives, printers, etc...)
