

ARDENT CITRIX ENVIRONMENT

PHONE - IPHONE CONFIGURATION

HOME TABLETS ▼ SMART PHONES ▼ DESKTOPS ▼

IPHONE

Begin by opening the "App Store"

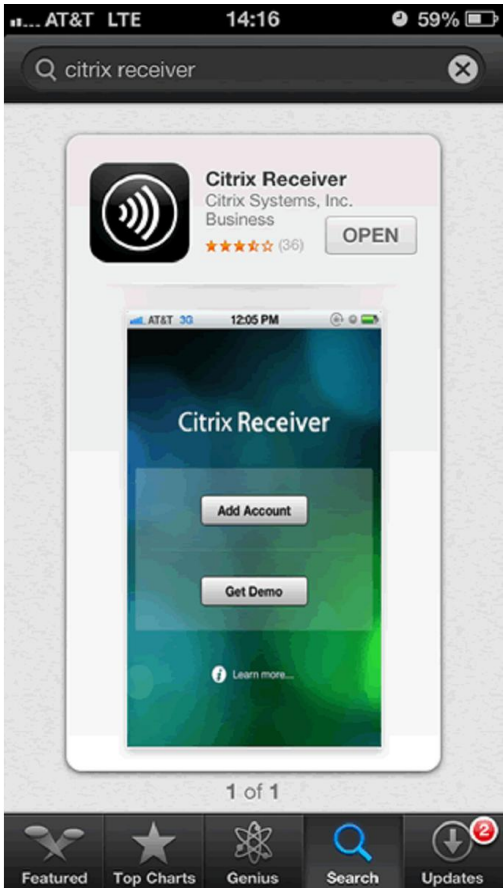

Search for "Citrix" and select "Citrix Receiver" from the results.

Select the "Install" to download and install the app.

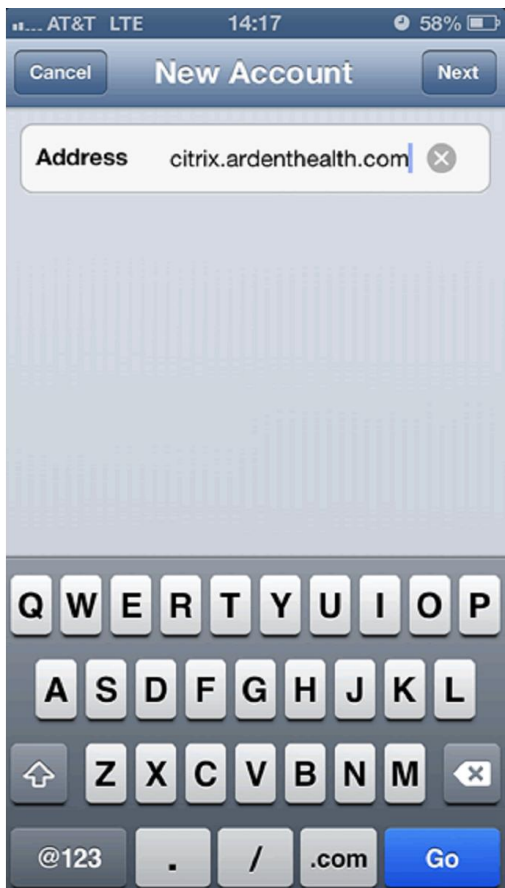

The "Citrix Receiver" is now installed.

Select "Add Account"

Enter in "citrix.ardenthealth.com"

Some of the fields will be automatically completed.

Address: This should be automatically populated and left as outlined below.

Description: Change this to your liking

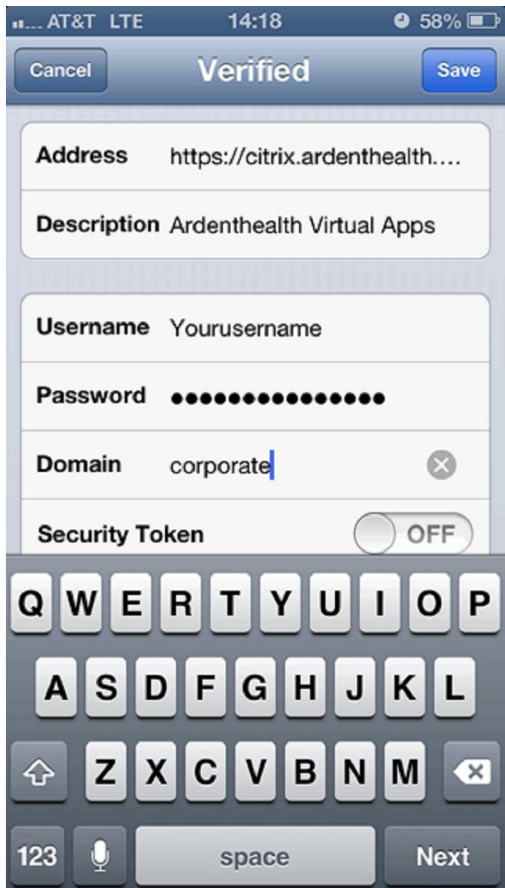

Username: This should be your Corporate username (email)

Password: This is your Corporate password

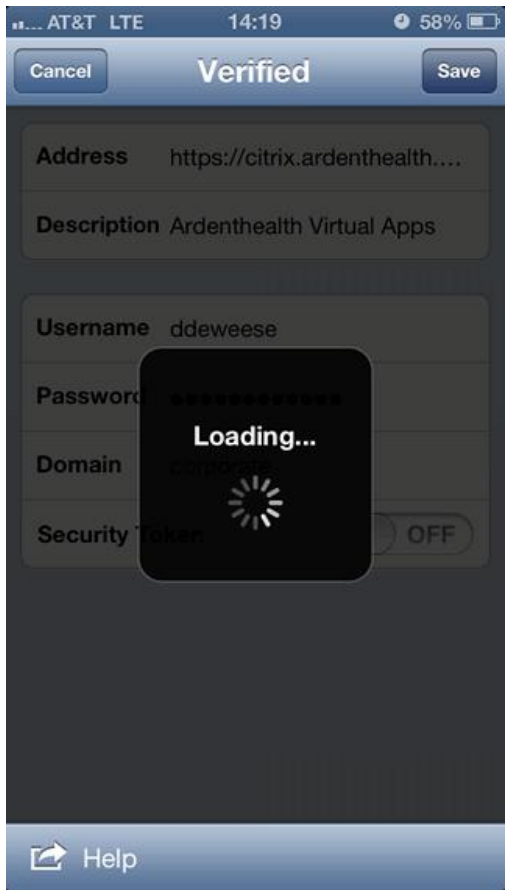

Domain: Please enter "Corporate" for this value

All other fields should remain at their default settings

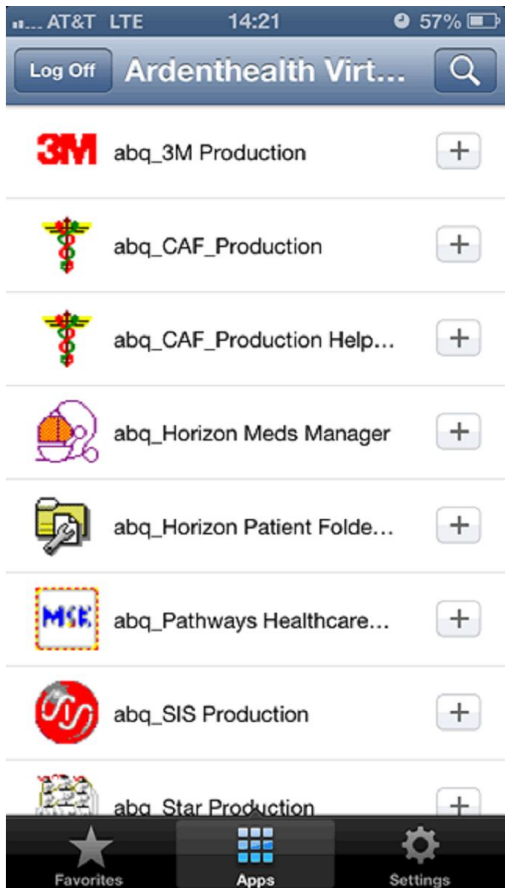

Select "Save" to login to the Citrix environment

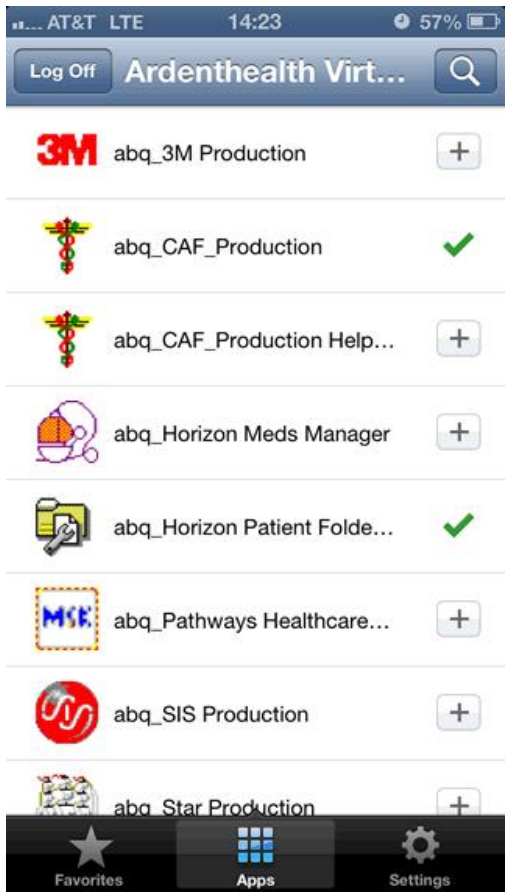

The connection is initiated.

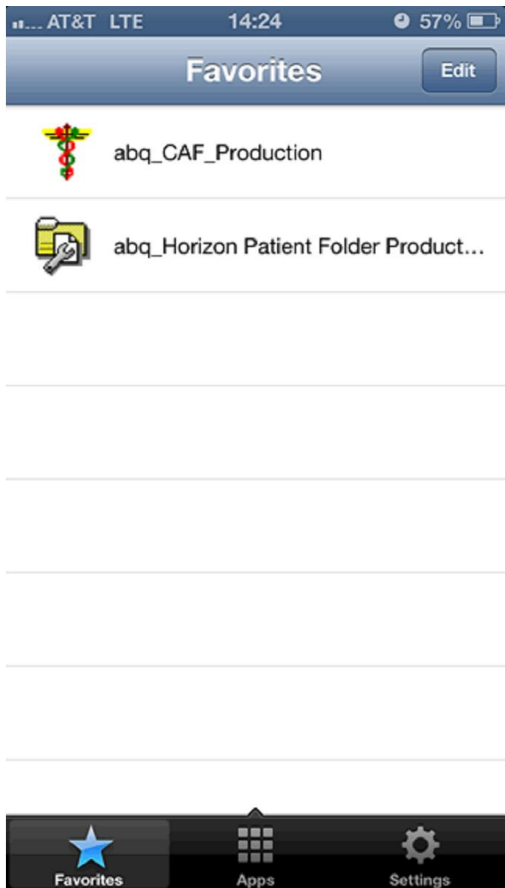

You now see the applications you are approved to access

Click the "+" next to the applications you wish to add to your favorites.

Your favorites have been added and you may now begin using the applications.

Due to security restrictions access to local device accessories are not permitted (hard drives, printers, etc...)
